

## PANL ZONE MEETINGS AND CONTINUING EDUCATION

PANL is pleased to announce details of upcoming zone meetings and continuing education in St. John's, Deer Lake & Grand Falls-Windsor. Many thanks to OneTouch for their support of these events and their ongoing support of PANL and its members.

Registration is required. The event will include a sit-down meal. To register, contact PANL office via [email@panl.net](mailto:email@panl.net) or by calling 709-753-7881. RSVP no later than noon, May 4. Doors for all events will open at 5:30 p.m. for a 6:00 p.m. start.

ZONE 1 (Eastern)	May 14, 6:00-8:00 p.m.	St. John's	Holiday Inn *Webcast available
ZONE 3 (Western)	May 16, 6:00-8:00 p.m.	Deer Lake	Holiday Inn Express
ZONE 2 (Central)	May 17, 6:00-8:00 p.m.	Grand Falls - Windsor	Mount Peyton Hotel

### MEETING OUTLINE

- PANL Update

### CE: Emerging Technologies in Glucose Monitoring (1 CEU)

#### *Learning Objectives:*

- Discuss currently available glucose monitoring technologies, including new flash glucose monitoring (FGM), and understand their differences
- Determine how mobile and digital technologies may help improve diabetes management through more accurate monitoring of blood glucose (self-monitoring tracking of blood glucose (SMBG) or FGM
- Review the role of mobile and digital technologies for diabetes management, specifically those with wireless technology, which can be paired with mobile and online apps
- Make diabetes management recommendations, within defined scopes of practice, to their patients and other healthcare professionals (HCPs), improving communications and patient care
