
Medical Directive: Administration of Seasonal Influenza Vaccine

Approved by: Dr. Janice Fitzgerald, Chief Medical Officer of Health

Review Frequency: Yearly

Date Originated: October 09, 2017

Review Date: September 23, 2020

RESPONSIBILITY FOR OFFERING AND ADMINISTERING VACCINE:

The following health care professionals may administer influenza vaccine following completion of the required education to enable vaccine administration:

- Occupational health nurses, other registered nurses, and licensed practical nurses as part of a peer immunization program, employed by or affiliated with a Regional Health Authority;
- Midwives;
- Paramedics (including PCPs and ACPs).

These health professionals must have current certification in Cardiopulmonary Resuscitation (CPR) and Basic Life Support (BLS).

RECOMMENDED RECIPIENTS OF VACCINE:

Recommended recipients of influenza vaccine are identified in the Newfoundland and Labrador Immunization Manual Section 3:

<https://www.gov.nl.ca/hcs/files/publichealth-cdc-pdf-section-3-routine-immunization-products-dec-3.pdf> and further described in the Canadian Immunization Guide and the annual statement provided by the National Advisory Committee on Immunization: www.canada.ca/en/public-health/services/publications/vaccines-immunization/canadian-immunization-guide-statement-seasonal-influenza-vaccine-2020-2021.html

CONTRAINDICATIONS AND PRECAUTIONS:

Contraindications and precautions related to specific vaccines are described in the Newfoundland and Labrador Immunization Manual, the Canadian Immunization Guide, the Compendium of Pharmaceuticals and Specialties (CPS) or package inserts and may also be communicated by specific notices from the Chief Medical Officer of Health.

IMMUNIZATION PROCEDURE:

As outlined in the Provincial Immunization Manual
<https://www.gov.nl.ca/hcs/files/publichealth-cdc-im-section4.pdf>

Consent

After positively identifying the client to be immunized, the immunizing professional will:

- Inform the client, parent or substitute decision maker of the vaccine recommendations, benefits and risks.
- Provide a fact sheet with information regarding the vaccine.
- Use assessment and history-taking skills to determine whether immunization is appropriate at a given time, enquiring about immunization history, health history, current health status and specific product precautions.
- Obtain informed consent from the client and ensure the consent form provided for the vaccine is completed.
- Withhold the vaccination when consent is withheld or there is doubt as to whether a vaccine should be given until discussed with a communicable disease control nurse or the Medical Officer of Health.

Administration

The immunizing professional will:

- Check the vaccine name.
- Check the expiry date on the vaccine.
- Inspect the product for integrity and irregularities.
- Administer the vaccine according to product recommendations.

Adverse Reactions

The immunizing professional will:

- Ensure that the vaccine recipient is observed for signs of acute allergic reaction for the post-immunization waiting period. For the most up-to-date guidelines regarding post-immunization wait time, review the NACI statement *“Recommendations on the Duration of the Post-vaccination Observation Period for Influenza Vaccination during the COVID-19 Pandemic.”*
- If anaphylaxis develops, refer to the latest policy and poster outlining the management of anaphylaxis in a non-hospital setting found in the Newfoundland and Labrador Immunization Manual (Section 1.8 and Appendix G)
<https://www.gov.nl.ca/hcs/files/publichealth-cdc-s1-routine-guidlms-schedules.pdf>

Documentation/Communication

The immunizing professional will:

- Document vaccine offers/refusals and reasons for ineligibility on the permanent record.
- Document administration of the vaccine on the immunization record (EMR, paper record or other records as may be required).
- Provide a record of immunization to the person immunized.

- Forward a copy of the record of immunization to the person's family physician if requested.
- Document any adverse reactions, complete the Adverse Event Following Immunization report form as soon as possible after the episode, and submit the form to Communicable Disease control
