

October 1, 2021 | Attn: Central NL Pharmacies Administering COVID-19 Vaccines

Good afternoon,

The Department of Health and Community Services reached out as they have had a number of inquiries from people indicating there are COVID-19 vaccine shortages at several pharmacies in the area.

Does your pharmacy have adequate vaccine supply? If not, are you having trouble receiving orders in a timely manner from the depot?

Any information would be greatly appreciated. Please respond to this email or to jcollingwood@panl.net

I'm sure this is a very stressful time for you given the surge in COVID-19 cases. If we can help in any way, please reach out.

Thank you,
Jennifer Collingwood
PANL Executive Director
