

October 15, 2021 | Public Health Memo re: 2021-22 Universal Flu Vaccination Program

Please carefully review the [Public Health Memo](#) regarding the 2021-22 Universal Flu Vaccination Program.

- [Influenza Vaccine Storage and Handling Factsheet](#)
- [Clinic Guidance for Influenza Vaccine during COVID-19](#)
- [Seasonal Influenza Consent Form](#)
- [Influenza Vaccine Order Form](#)
- [Influenza Fact Sheet](#)
- [PPE and Vaccine Supplies Order Form](#)
- [Fluzone High-Dose Quadrivalent](#)

Billing

The [NLPDP bulletin](#) contains billing instructions including a workaround for expired MCP cards.

The official program start date is Monday, October 25, 2021, however pharmacies may begin administering vaccines as early as October 22 if they have received vaccine.

Please monitor the [PANL Resources page](#) for updates and resources related to this year's program.
