

For Immediate Hire - Registered Pharmacy Technician

Are you a passionate and dedicated pharmacy technician seeking an exceptional career opportunity? Do you thrive in a dynamic environment where growth, collaboration, and patient care are paramount? If so, Complete Care Clinical Pharmacy in **Rocky Harbour, NL**, is the place for you!

What We Offer:

- **Competitive salary and benefits** (starting salary of **\$26/hour** negotiable to commensurate with experience).
- **3 weeks/year paid vacation**
- **2 paid sick days per year**
- **\$500/year annual professional/personal development allowance:** Invest in your future and pursue your career goals with our generous professional development allowance.
- **Blue Cross Health, Dental and Vision coverage (80/20) for FT Permanent employees:** Enjoy comprehensive health coverage for yourself and your loved ones.
- **Monday - Friday 9:00 - 5:30 with 30 minute closed lunch break:** Maintain a healthy work-life balance with predictable scheduling and weekends and holidays off.
- **Flexible scheduling (full-time or part-time positions available):** We offer flexible schedules to accommodate your needs, including part-time positions.
- **Thrive in an empowered environment:** We encourage independent practice within a collaborative team. You'll manage your individual patient care workload from injections to dispensing, utilizing your full scope of expertise.

Qualifications:

- Current pharmacy technician licensed in NL
- Previous experience in community pharmacy preferred
- Knowledge of Kroll Paperless Workflow preferred
- Strong knowledge of federal and provincial legislation related to prescriptions
- **Excellent** communication and interpersonal skills, including confident patient communication skills.
- Ability to work independently and as part of a team
- Detail-oriented and organized
- Strong work ethic and commitment to patient care

About the Role:

As a **Registered Pharmacy Technician**, you will play a vital role in supporting our pharmacists and ensuring our patients receive the best possible care. You will perform a variety of tasks, including:

- **Processing prescriptions:** Accurately preparing and dispensing medications, ensuring compliance with all regulations.
- **Providing patient care:** Answering questions, offering basic information about services and programs, and referring patients to pharmacists for further consultation.
- **Inventory management:** Maintaining accurate records, ordering supplies, and managing out-of-stocks.
- **Administrative tasks:** Assisting with data entry, filing, and other administrative duties.
- **Practice to full scope with injections & compounding:** We do injections on a daily basis, as well as seasonal booked onsite & offsite flu clinics. We have recently renovated to add a Level B compounding facility as well.
- **Injection certification and training:** Don't worry if you don't already have injection certification! We'll cover the cost of training and certification to help you expand your skills and practice to your full scope.

Who We Are:

Complete Care Clinical Pharmacy is not your average community pharmacy. We push boundaries, prioritize clinical excellence, and are deeply committed to providing exceptional, patient-centered care. Founded by Dr. Stephanie Burden in 2016, our pharmacy has garnered national recognition for its innovative approach and unwavering dedication to patient well-being.

What Makes Us Different:

- **Clinical Confidence:** Our team boasts over 17 years of combined pharmacy experience, including two PharmD Pharmacists, ensuring we have the expertise to address our patients' most complex needs.
- **Modern Convenience:** We offer a seamless blend of in-person and virtual services, including texting, app refills, and mail-out options, making pharmacy care accessible and convenient.
- **Patient-Focused Culture:** At Complete Care Clinical Pharmacy, our patients are more than just a prescription. We are dedicated to providing compassionate, personalized care that meets their unique needs.
- **Growth & Development Opportunities:** We invest in our team! Enjoy competitive compensation and benefits, alongside a generous annual professional development allowance to fuel your career aspirations.
- **Supportive & Collaborative Environment:** Join a close-knit team of experienced pharmacists and pharmacy assistants who are passionate about making a difference.
